

A specially designed Smooth Line Hardtop Carrier is available to safely store it when not in use. All Smooth Line Hardtops are custom made to order. Delivery time will be based upon order backlog. Included at no extra cost is heavy duty packaging for world wide shipping. We ship world wide. North American shipments are via truck and are fully insured. Call for freight quotes.

Initial production is expected to begin in March 2011 and orders will be shipped in the order they are received. We are expecting a big demand so as the order backlog increases delivery time will increase.

As an incentive we are offering special "Pre Production pricing" and even lower pricing on our "Touring Edition".
